August 28, 2018

Dear Inspire Families,

Most homeschool charter schools allow instructional funds to be used to buy curriculum, music/art lessons, technology, tutoring, and educational fieldtrips. Some educational fieldtrip vendors offer educational fieldtrips to amusement parks. We will continue to have these same fieldtrip vendors on our vendors' list; but we will no longer allow purchase of fieldtrip lessons/entry to amusement parks. You may continue to order fieldtrip lessons/entry to amusement parks through September 30, 2018.

Why the Change?

Simply put, there are many political forces in the state of California, that seek to limit or stop the flexibility that California charter schools offer to families. We feel that the best way in the big picture to protect your personalized homeschool learning approach is to make this change at this time.

Questions or Concerns, please feel free to call me personally on my cell phone below.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nick Nichols", with a stylized flourish at the end.
